

ECCO Session

Present & Future Topics

William Bollinger, LLNL, 2003 ECCO Chair

Ron Williams, SNL, 2005 ECCO Chair

- This final, official session before the ECCO members formal Business Meeting is being reserved for a retrospect and "look forward" by the past and future Chairs.
- Our intent is to cover major, last minute concerns and themes of concern to the Export Control community that have arisen either during the earlier ECCO sessions, or from outside events.
- A detailed outline of topics for discussion will be prepared and distributed sometime during the first days of the Seminar.
